Last week Domone induced Mrs. Matzoni to clope with him. She consented, and a week ago yesterday, while Matzoni was away, they moved all the furniture out and went away together. Mrs. Matzoni took her children along.

When Matzoni came home in the evening he iound his wife, children and everything gone. He did not suspect anything wrong at first, but when some of the neighbors told him that Domono had been seen with his wife be concluded that his children's mother had proved unfaithful to him and had gone away with the boarder.

spent the greater part of the day with Mr. Gould.

G. W. Stillman, representing Edward Searies's interest in the Southern Pacific, was here yesterdar, but left for the West with a special engine in the afternoon.

A. N. Towne, General Manager and Second Vice-President of the Southern Pacific, will reach all Paso to night by special train.

Just what is contemplated is known only to the few interested, but there is a great deal of speculating. Jay Gould has already demonstrated that health was not the only object in view in coming here.

Last night the City Council held a special meeting to consider a petition presented by the Texas and Pacific in which certain rights of way are asked to facilitate that road in reaching the river. The matter was referred to the Streets and Grades Committee, and will be reported upon favorably next Monday night. Anything the Texas and Pacific people want in El Paso is theirs for the asking; at least such is the public sentiment.

Against a Juror.

ination of Witnesses Goes On.

ISPECIAL TO THE EVENING WOR'S. Ex-Supt. William A. Conklin, of the Central Long Island City, March 30 .- A sensation was created this morning at the opening of the fifth day of the trial before Judge Garretson, in the Queens County Court-House, of Mayor Patrick Jerome Gleason, on the charge of having assaulted Alfred Nelson at a meeting of the Health Board June 30, 1891.

District-Attorney Fleming and Gleason's lawyers, John W. Goff and William Francis Jerome, bad a consultation Judge Garretson while the court was called to order, in which Mr. Goff said that he had ments of a nature very unfavorable to the defendant. District-Attorney Fleming denounced the

allegation of such unbecoming conduct on the part of a jury as false and incredible. Mr. Goff replied that he would furnish the proof of his allegations at recess. This falled to satisfy the Court, and District-Attorney Fleming insisted that the proofs be forthcoming at once.

Mr. Goff, declaring that he was willing the matter should come to an immediate issue. despatched Mr.Jerome in search of the formal charges, which it was said would probably bring about a dismissal of the case.

After a time Mr. Goff presented a communication to Judge Garretson in the form of an affidavit, but the Court decided not to publicly discuss the merits of the charges until

The trial then proceeded, and Joseph Silverstone. A Long Island City lawyer, took the witness stand. He testified that he was present at the Health Board meeting the hight of June 30, and saw Mayor Gleason try to take out of the hands of Mr. Neison certain papers which had airendy been presented to the Board. The Mayor did not strike him, but merely exerted himself to get control of the papers. The trial then proceeded, and Joseph Silver-

SUPERINTENDENT OF MARKETS.

Politicians are particularly interested to know what Comptroller Myers is going to do about the appointment of a successor to the late exsenator Daly, who was Superintendent of Markets.

Edward Henriques, Chief Clerk of the Bureau of Markets, is temporarily in charge, but Tammany wants the place for another man, and ex-Mayor William E. Grace is reported to be backing Daniel E. Dowling for the position. Dowling holds a minor office in the Comptroller's Department, and is the leader of the new Cleveland inovement in the Fourth Ward.

The bill provides for the widening of Jerome avenue 150 feet, for a distance of five miles above Macomb's Dam Bridge, at a cost to the tax payers of \$500.000.

It is understood that the bill was introduced as concession to the promoters of the speedway in Central Park, who insisted on maxing a trotting course somewhere.

By a clause in the bill Public Works Commissioner Heintz, of the annexed district, will not have anything to do with the processed work or paying cut the money.
